Alma Mater

Dear Alma Mater
Fairest of shrines,
May lasting glory
Forever be thine.
Crowned with laurels of virtue,
Decked in garlands so bright,
We carry the banners
Of the green and the white,
We carry the banners
Of the green and the white.

Ever onward you struggle
Till the goal has been gained,
And we as descendants
Bear aloft that fair name.
So rejoice in thy glory
Praises to you we sing,
Dear Union City
May thy fame never dim,
Dear Union City
May thy fame never dim.

Dedication

One of the greatest rewards of working on our Anvil is to be able to dedicate it to someone who has devoted so much time and effort for our benefit. The person chosen by our class to receive this honor is one of the nicest persons we have ever known. She is always willing to help us when we need her or to sponsor and aid us in our class projects.

We, the class of 1964, think it a great pleasure to be permitted to dedicate this Anvil to as wonderful a person as she is. We cannot possibly say in a few words what we feel, and so, with much gratitude in our hearts and deep sincerity, we say, "Thank you, Mrs. Hosier "

Dedication

We, the Senior Class of 1964 wish to say "Thank you" for the countless ways in which you have served as a guiding light throughout our high school years.

You have played a most important role in the management and well-being of our school. You have been responsible for the many decisions and policies for which we can all be proud.

For all the time, effort, and guidance you have put forth, we, the Senior Class of 1964 dedicate this anvil to you, Mr. Palmer.

MR. BREST
Supervising Principal

Perhaps never before in our country's history has any graduating class faced a world so beset by problems and uncertainties as the world you face today. The tensions and conflicts of international affairs, the struggles and trials inherited in our national goals, the adjustment required to accommodate the demands of social and technological change- these are the ear marks of our times the common place operation of our daily lives.

Yet the magnitude and diversity of these problems can mean for each of you an exciting challenge. As never before the world needs leadership - in every area. And the opportunity for leadership is yours. The challenge has never been greater. I know that each of you will accept it with confidence and determination.

MR. PALMER
High School Principal

To the Seniors:

I hope that in your 12 years of attendance in our school you have learned to respect hard work, honesty; to be bigger and stronger than the things that tend to hold you down; to look upon life itself as a bigger and broader school where your main vocation is endless learning of endless lessons.

May I congratulate each and everyone of you and hope that you have success and happiness in life.

Science & Biology

Student teachers come to Union City Area High School from Edinboro State Teachers College.

Student teaching is conducted in elementary and secondary schools of our service area. The range in size and type of school provides an excellent experience for the student teacher. Each student teacher works under the guidance of capable master teachers and college supervisors. During the semester of student teaching, the student devotes his entire time to this work. No outside employment is permitted, except by special permission.

Directed observation is provided in connection with college courses prior to student teaching. This arrangement permits the student to see applications of theory and practice in typical classroom situations.

The minimum assignment of twelve semester hours of practice teaching is required of each student teacher. The maximum assignment depends upon the quality of student teaching in individual cases.

HISTORY OF THE CLASS OF 1964

The class of 1964 has enjoyed very successful sophomore, junior, and senior years.

In our sophomore year, we had a movie, Alexander the Great; a skating party, a float in the homecoming parade, a booth at the penny-nickel carnival, and the regular candy sale. All of these projects were very successful except the skating party.

In our junior year we had a magazine sale, movie, a booth at the penny-nickel carnival, and a junior dance, which were very successful. We also had our class play, "The Antics of Andrew", which was very funny. Our prom was called "The Sweetheart Ball". It was very pretty and very successful. Everything was done in pink, red, and white.

In our senior year we had the concession stand at the football and basketball games, fudge sales every Thursday. We had a senior dance. Robin Scott of WWGO radio was the MC. Our senior class play, "Bolts & Nuts", was very successful.

We are eagerly awaiting the senior class trip to Washington, D.C. and expect to have a very nice time.

Also, we are looking forward to graduation, our utmost goal in school.

Judy,
Best of luck in the future to a real sharp and a nice girl. Always remember the fun we had in our junior year. Especially the day of student council elections and the trip to Lotsa luck to the best president Union City's student council ever had.

HISTORY OF THE CLASS OF 1965

The graduating class of 1965 has had very successful sophomore and junior years. We are planning to have an equally successful senior year.

Our money-making projects last year were a candy sale and dance. They were both successful.

This year the junior class has undertaken many projects. We sold magazines and had a dance at which the Raiders played. We are looking forward to our play, which is to take place on April 8. The whole class is now eagerly making plans for our prom. Our utmost goal is to make it a success.

We have no definite plans for our senior year, but just being a senior will be a privilege.

HOMECOMING 1963

The third annual Union City Area High School Homecoming was held on September 27 and 28 and was a huge success.

The activities on Friday consisted of a football game and the crowning of the Homecoming queen during the half time festivities.

On Saturday afternoon a thirty unit parade was viewed with many clubs and classes taking part. In the evening a banquet and dance was attended by four hundred alumni representing many states of the union.

The alumni association welcomes our graduating seniors to its membership.

Judy,

When to start or what to say. We have been friends for so many years, it seems as if. Remember the nite I stayed with you and it was the start of a romance between us with two boys. Now it has all changed. You are going with Bill and soon will be going to college and I will be going a different way. But I hope that we will always be friends regardless where we are at. Never forget our many parties and the fun we had with all the pals like Chella Beadle CB and so many more. Never forget all the hard work we've put into the last 12 years, Chemistry for example. But it has been worth it. I want to wish you the best of luck in everything. I hope you always have a happy and good life for you really deserve it. Stay as good and sweet as you are and never forget me not. Love

The National Honor Society is made up of students in their junior or senior year who have been chosen because of their excellence in character, leadership, service, and scholarship.

The following poem, which is read as part of the society's initiation ceremony best explains the purpose of the organization:

Hold high the torch; you did not light its glow.
'Twas given you by other hands, you know.
'Tis yours to keep it burning bright.
Yours to pass on when you no more need light
For there are other feet that we must guide
And other forms go marching by our side.
Their eyes are watching every tear and smile
And efforts which we think are not worth while
Maybe, perhaps, the very thing they need,
Actions to which their souls will take most heed,
So that in turn they'll hold it high and say,
"I say another carry it this way."
Hold high the torch; you did not light its glow.
'Twas given you by other hands, you know.
I think it started down its pathway bright,
That day the Master said, "Let there be light."
And He once said Who hung on Calvary's tree,
"Ye are the light of the world; go--shine for Me."
